

Classic Motor Oil SAE 15W50

Bardahl Classic Motor Oil SAE 15W50 is a semi synthetic engine oil developed for the lubrication of petrol and diesel engines with and without turbo or compressor. The synthetic base oils increase resistance to aging and shearing. In addition, the additive package is formulated in such a way that the engine oil offers protection under any extreme condition at any ambient temperature.

Bardahl Classic Motor Oil SAE 15W50 consists of high-quality synthetic and mineral base oils to which modern package of additives has been added. This formulation provides optimal protection against wear, oxidation, dilution and the formation of Black Sludge.

Extensive tests have made it clear that this engine oil has been found suitable to reduce the contamination in the engine as much as possible and can be used all year round. This oil saves fuel and is safe from catalysts.

Application

This oil meets the heaviest requirements of both gasoline (also with LPG installations), with or without turbocharger/compressor. The high Zn content of over 1500ppm makes it suitable for engines after 1970.

-Zn level- 1050ppm
