

## Waterproof Spray

**Bardahl Waterproof Spray** offers maximum protection against ingress of moisture, dirt, acid rain, etc. It protects, among others: fabric convertible roofs, tents, tarps, awnings, jackets, and shoes. Tree resin and bird droppings are removed more easily.

Regularly impregnating a dust roof, tarpaulin, jacket, etc. extends the service life and improves the condition of the fabric and makes it water-repellent.

Does not affect paint, chrome, glass, and plastic. It contains a high-quality UV filter system to prevent fading and aging.

### Manual

---

Shake well before use and apply to a clean and dry surface.

Apply a thin layer, repeat 2 to 3 times, wait 10-15 minutes, and leave dry for several hours. Remove spray mist from windows and paint with a microfibre cloth. This product can be applied in the sun, which increases the drying time Shortened. Repeat the treatment after several months, then fix 1-2 thin layers
